# Introduction

*Overview of State Taxes, Western Australia* is prepared annually, both as an internal reference document for Treasury and Finance officers and as a ready reckoner for other agencies and individuals seeking information on State taxes.

The main body of the document provides the following information on major taxation categories:

- current tax rates;
- major exemptions and concessions;
- interstate comparisons;
- historical information on changes to tax rates and bases; and
- revenue collections.

The **Summary Table** indicates the contribution of each tax to total tax revenue on an accrual basis consistent with Government Finance Statistics as published by the Australian Bureau of Statistics.

**Appendix 1** provides a summary of tax changes introduced by the States and Territories in the 2006-07 round of State Budgets and other recently announced measures up to September 2006.

**Appendix 2** provides the timetable for the State Tax Review currently in progress.

This publication can be downloaded from the following Internet site:

<http://www.dtf.wa.gov.au>

Revenue collections for each tax in 2005-06 reflect actual outturn for that year. Estimates of revenue raised by each tax in 2006-07 are the estimates published in the 2006-07 Budget (prior to actual 2005-06 figures being available). These estimates can be revised in the Mid-year Financial Projections Statement, which is to be released by 31 December.

## Summary Table

# Business Taxes

## Pay-roll Tax

Pay-roll tax is generally paid monthly<sup>1</sup> by employers on the basis of total wages (including employer-funded superannuation benefits, fringe benefits, and eligible termination payments) paid to employees in the preceding month. It is collected under the *Pay-roll Tax Assessment Act 2002* and *Pay-roll Tax Act 2002*, which are administered by the Office of State Revenue.

### *Rate of Tax*

<b>Annual Pay-roll \$</b>	<b>Tax Payable</b>
0 – 750,000	Nil
Over 750,000	5.5% x (Annual Pay-roll – \$750,000)

### *Exemptions and Concessions*

Pay-roll tax exemptions are available primarily to charitable institutions and government departments.

The wages of all apprentices and trainees employed under an approved traineeship scheme are exempt.

Certain prescribed fringe benefits paid by employers to employees in remote areas are also exempt.

<sup>1</sup> Businesses with an annual tax liability below \$20,000 can elect to pay their pay-roll tax on an annual basis. Additionally, as from 1 July 2006 businesses with an annual tax liability between \$20,000 and \$100,000 can elect to pay their pay-roll tax on a quarterly basis. Eligible employers must make an application to the Commissioner of State Revenue to change the lodgement frequency of their returns from a monthly to an annual or quarterly basis.

*Interstate Comparison (2006-07)*

*Changes to the Pay-roll Tax Base (including Concessions) since 1982*

An exemption for the wages of first year apprentices was introduced in 1983-84 and extended to the wages of all apprentices in 1993-94.

Budget-funded government departments were exempted from 1986-87 onwards.

Certain prescribed fringe benefits paid by employers to employees in remote areas were exempted from pay-roll tax from 1 July 1996. These benefits include housing, annual leave travel assistance, power and water subsidies and child education bursaries.

The pay-roll tax base was expanded to a wide range of employee benefits in 1997-98, including superannuation benefits and non-cash fringe benefits as defined and valued by the *Fringe Benefits Tax Act 1986 (Cth)*. Excluded from the base expansion were the major remote area fringe benefits.

Travel and accommodation allowances up to prescribed levels, and certain wages for services rendered overseas, were excluded from the pay-roll tax base in 1997-98.

The pay-roll tax base was extended to the grossed up value of taxable fringe benefits from 1 January 2002, and to eligible termination payments from 1 July 2003.

## Stamp Duty on Hire of Goods

Stamp duty on hire of goods is paid by commercial hire businesses on hiring charges received in respect of arrangements for the hiring of goods and equipment. It is collected under the *Stamp Act 1921*, which is administered by the Office of State Revenue.

Stamp duty on hire of goods was listed for review in August 2005 under the Inter-governmental Agreement on Commonwealth State financial relations. As a Stage 1 measure of the State Tax Review, stamp duty on hire of goods will be abolished from 1 January 2007 – see Appendix 2 on the State Tax Review.

### *Rate of Duty*

Type of Hire	Rate of Duty	Exemption Threshold <sup>(1)</sup>
Ordinary hire	1.5% of hiring charges	\$25,205: Duty is imposed only on component of hiring charges above \$25,205.
Equipment financing arrangements <sup>(2)</sup>	0.75% of hiring charges	\$25,205: Duty is imposed on total hiring charges once it exceeds \$25,205.

<sup>(1)</sup> Exemption thresholds for 2006-07 apply to the six months to 31 December 2006.

<sup>(2)</sup> Hire purchase agreements and other hires that have a term greater than nine months.

### *Exemptions and Concessions*

Consumer credit agreements, such as those offered by electrical and department stores, are excluded from the tax base. There are also a number of other exclusions from the hire of goods tax base.

*Interstate Comparison (2006-07)*

**STAMP DUTY ON HIRE OF GOODS**

No deductions	No deductions	No deductions	No deductions	Service costs deductible		No deductions	No deductions

<sup>(1)</sup> Abolished from 1 January 2007.

*Changes to the Rates since 1982*

Rental business duty, which applied at a single rate of 1.8% on rental income if annual rental income was above \$25,000, was replaced by the split-rate hire of goods regime from 1 July 2004.

*Changes to Concessions since 1982*

The annual rental income ceiling for the option to submit an annual return instead of monthly returns was increased from \$5,000 to \$20,000 in 1986-87 and then to \$50,000 in 1987-88. From 1 July 2004, the annual hiring charges ceiling was increased to \$200,000.

The rental income exemption threshold of \$25,000 per annum was introduced on 1 January 1988. This exemption threshold was increased to \$50,000 from 1 July 2004.

## Property Taxes

### Stamp Duty on Conveyances

Stamp duty on conveyances is paid by the purchaser of property (primarily land, buildings, mining tenements and business goodwill) on the basis of the total value of property transferred. It is collected under the *Stamp Act 1921*, which is administered by the Office of State Revenue.

As a Stage 1 measure of the State Tax Review, conveyance duty will be abolished on the “non-real” component of property transfers (eg. intellectual property and statutory licences) from 1 July 2010 – see Appendix 2 on the State Tax Review.

#### *Rate of Tax*

<b>Property Value</b>	<b>Rate of Duty</b>
\$0 to \$80,000	\$2.00 per \$100 or part thereof
\$80,001 to \$100,000	\$1,600 and \$3.00 per \$100 above \$80,000
\$100,001 to \$250,000	\$2,200 and \$4.00 per \$100 above \$100,000
\$250,001 to \$500,000	\$8,200 and \$5.00 per \$100 above \$250,000
Above \$500,000	\$20,700 and \$5.40 per \$100 above \$500,000

#### *Exemptions and Concessions*

Designated government authorities, universities (in certain circumstances), charities, certain superannuation schemes and the transfer of a principal place of residence between spouses from single to joint ownership (including de-facto spouses) are exempt.

The purchase of a small business or principal place of residence below \$100,000 is subject to a concessional rate of duty of 1.5%. The concessional rate phases out for properties valued between \$100,000 and \$200,000.

First home buyers who purchase a home valued at up to \$250,000 are exempt from stamp duty. The exemption phases out for homes valued between \$250,000 and \$350,000. First home land purchases below \$150,000 are also exempt from stamp duty, with the exemption phasing out for land valued between \$150,000 and \$200,000.

*Interstate Comparison (2006-07)***CONVEYANCE DUTY SCALES**

	WA	NSW	VIC	QLD	SA	TAS	NT <sup>(a)</sup>	ACT
<b>Min Rate (%)</b>	2.0	1.25	1.4	1.5	1.0	1.5 <sup>(b)</sup>	2.1	2.00
<b>Min Threshold (\$'000)</b>	0	0	0	0	0	1.3	0	0
<b>Max Rate (%)</b>	5.4	5.5	5.5	4.50	5.5	4.0	5.4	6.75
<b>Max Threshold (\$'000)</b>	500	1,000	870	700	500	225	500	1,000

<sup>(a)</sup> For conveyances less than \$500,000, duty is derived by the formula  $D = (0.065 \times V^2) + 21V$ , where D= duty payable in \$ and V = value of property transferred divided by 1000. Over \$500,000, duty is 5.4% of the property value.

<sup>(b)</sup> Duty of \$20 applies for values below \$1,300.

An interstate comparison of stamp duty concessions on conveyances and mortgages for home buyers is as follows:

---

<b>WA</b>	<p>Any purchaser of a principal place of residence valued at less than \$100,000 is entitled to a concessional rate of duty of 1.5%. The concessional rate phases out for properties valued between \$100,000 and \$200,000. First home buyers whose purchases are below \$250,001, are exempt from conveyance duty, with the exemption phasing out at \$350,000. First home land purchases below \$150,001 are also exempt from conveyance duty, with the exemption phasing out at \$200,000.</p> <p>A lower rate of duty (0.125%) applies to mortgages taken out on the principal place of residence of the purchaser.</p>
<b>NSW</b>	<p>First home buyers receive a total exemption from conveyance duty and mortgage duty for metropolitan property values up to \$500,000, with the exemption phasing out at \$600,000.</p> <p>For vacant land, the threshold value for full duty exemption is \$300,000, with a partial exemption applying up to \$450,000.</p>
<b>VIC</b>	<p>A First Home Bonus of \$3,000 is available to first home buyers. A full exemption from conveyance duty is available for first home buyers purchasing a property up to \$150,000, with a concessional rate of duty applying at values between \$150,000 and \$200,000.</p> <p>First home buyers cannot receive both the First Home Bonus and the first home buyer stamp duty concession.</p> <p>A full pensioner conveyance duty exemption applies to properties up to \$300,000, phasing out at \$400,000. Applicants must hold Commonwealth concession cards.</p>
<b>QLD</b>	<p>No conveyance duty or mortgage duty applies to the first home purchase valued up to \$250,000. A \$2,500 first home rebate applies above \$250,000, phasing out at \$500,000.</p> <p>Home buyers not purchasing their first home, and first home buyers purchasing above \$500,000, receive a principal place of residence concessional rate of duty of 1% for the first \$320,000 of the value of the home, with the normal marginal rate applying to the amount above \$320,000.</p>
<b>SA</b>	<p>For first home buyers, a full exemption applies for a home valued at up to \$80,000. For properties valued at between \$80,001 and \$100,000, the concession reduces from 100% to 50% (2.5% reduction per \$1,000 of property value). The concession remains at 50% for properties valued between \$100,001 and \$150,000, after which it decreases by \$24 for every \$1,000 above \$150,000 and phases out completely at \$250,000.</p> <p>Home buyers purchasing a principal place of residence are exempt from mortgage duty.</p>
<b>TAS</b>	<p>Conveyance duty relief of up to \$4,000 for first home buyers purchasing a property up to the value of \$350,000. No concession applies for properties above \$350,000. A refund of duty of up to \$2,400 is available to first home owners who purchase land valued at up to \$175,000 and build a home. The refund is payable on land with a dutiable value of up to \$175,000.</p>
<b>NT</b>	<p>All first home buyers receive a duty concession of up to \$8,016 of the duty payable under the general rates of duty. A \$2,500 reduction in stamp duty is available to a non-first home buyer purchasing a principal place of residence.</p>
<b>ACT</b>	<p>Subject to a family income not exceeding \$100,000 plus \$3,300 for each dependent child, home buyers purchasing an established dwelling valued at up to \$285,000 pay a nominal duty of \$20. A concessional rate of duty is payable by an eligible homebuyer purchasing a home valued between \$285,000 and \$326,000.</p>

---

### *Changes to Concessions since 1982*

The exemption for the transfer of the matrimonial home to create joint tenants was introduced in January 1988 and extended to couples living in opposite sex de-facto relationships in 1991-92. In 2003, the exemption was extended to same sex de-facto relationships.

The \$500 stamp duty rebate for first home owners was introduced in March 1989. The value limits were increased from \$80,000 to \$85,000 and, for properties north of the 26th parallel, from \$120,000 to \$127,500 on 1 November 1989.

From 1 July 1998, the value limits were further increased from \$85,000 to \$135,000 and, for properties north of the 26th parallel, from \$127,500 to \$202,500. From 1 January 2004, the value limits were again increased from \$135,000 to \$185,000 and from \$202,500 to \$277,500 (for properties north of the 26th parallel).

The value limit for the 1.5% concessional duty rate for the transfer of owner occupied residences and small businesses was increased from \$50,000 to \$85,000 on 1 November 1989. This was further increased to \$100,000 on 1 July 1998. A gradual phasing out of the concessional duty rate for properties valued between \$100,000 and \$135,000 was also introduced at that time. On 1 July 2004, the phase out value was extended to \$200,000.

The stamp duty exemption for corporate reconstructions was introduced on 1 October 1996. From 1 January 2004, the scope of the corporate reconstruction provisions were broadened to include the transfer of motor vehicle licences and direct property transfers between certain subsidiaries of holding companies.

The stamp duty exemption for chattels (except trading stock, livestock and chattels used in farming) conveyed with real property was removed from 1 July 1998.

On 1 July 2004, the \$500 stamp duty rebate for first home owners was replaced with a stamp duty exemption for purchases of homes below \$220,000, with this exemption phasing out between \$220,000 and \$300,000. For vacant land, the exemption applied to purchases below \$100,000, phasing out at \$150,000. This exemption was extended on 28 October 2004 to \$250,000 for first home purchases (phasing out at \$350,000), and \$150,000 for vacant land (phasing out at \$200,000).

As a Stage 1 State Tax Review measure, the first home buyer stamp duty concession was extended to any subsequent purchases of interest by persons who enter into a shared equity transaction with the Department of Housing and Works from 1 July 2006. Property transfers from a bankrupt to a creditor were also exempted from stamp duty – see Appendix 2 on the State Tax Review.

## Land Tax

Land tax in Western Australia is levied upon the aggregated unimproved value of taxable land owned at midnight on the 30 June preceding the year of assessment and is payable annually by the land owner. It is collected under the *Land Tax Assessment Act 2002* and *Land Tax Act 2002*, which are administered by the Office of State Revenue.

### *Rate of Tax*

---

<b>LAND TAX SCALE FOR 2006-07</b>	
Unimproved Value of Land \$'000	Land Tax Payable
Less than 150	Nil
150 – 390	0.15 cents per \$1 above \$150,000
390 – 875	\$360+0.45 cents per \$1 above \$390,000
875 – 2,000	\$2,542.5+1.62 cents per \$1 above \$875,000
2,000 – 5,000	\$20,767.5+2.30 cents per \$1 above \$2,000,000
Over 5,000	\$89,767.5+2.50 cents per \$1 above \$5,000,000

---

The unimproved value of land is updated annually by the Valuer General.

### *Exemptions and Concessions*

The major general exemptions are for principal places of residence and land used in primary production (mining as well as agriculture). Exemptions are also available for land owned by religious bodies, charitable organisations, retirement villages, public hospitals, universities and other educational institutions, provided that the land is used for their own purposes (as opposed to being leased out to business tenants).

Land owned by a society, club or association for non-profit use is eligible for an exemption from land tax.

The principal place of residence exemption is also available to purchasers of homes who own two residences in transitional circumstances.

From 1 July 2004, land held under an approved conservation covenant is exempt from land tax.

From 1 July 2005, caravan parks are entitled to a 50% land tax concession.

As a Stage 1 State Tax Review measure the exemption period for persons constructing new residences has extended from 12 months to two years (from 1 July 2006), and parents providing independent accommodation for disabled children were exempt from land tax (from 1 July 2006) – see Appendix 2 on State Tax Review.

5,000,000	1.80	1.58	2.34	1.25	3.19	2.32		1.37

### *Changes to the Rate Scale since 1982*

In 1986-87 the maximum marginal rate was reduced from 2.4% to 2.0%. The number of tiers was also reduced and the value ranges applying to each tier were expanded. In 1993-94, the land tax scale was restructured to accommodate the introduction of annual valuations. The land tax rates were further reduced to lessen the impact of valuation increases on land tax assessments in 1995-96, 1996-97, 1997-98, 1998-99 and 1999-2000.

In 2002-03, the land tax exemption threshold was increased from \$10,000 to \$50,000. At the same time, the top tax rates were increased from 2.0% to 2.3% for land with an unimproved value between \$2 million and \$5 million, and to 2.5% for land with an unimproved value exceeding \$5 million.

In 2003-04, as part of the Review of State Business Taxes, the number of tiers in the land tax scale was reduced from ten to six, without changing the minimum and maximum thresholds (\$50,000 and \$5 million respectively). The minimum and maximum tax rates were also unchanged.

In 2004-05, the exemption threshold was increased from \$50,000 to \$100,000, the second threshold increased from \$190,000 to \$220,000, and the third threshold from \$550,000 to \$570,000.

From 1 July 2005, land tax is levied on the portion of the aggregate taxable value of land above the exemption threshold, rather than on the total value once the exemption threshold is reached. In addition, the exemption threshold was increased from \$100,000 to \$130,000, the second threshold from \$220,000 to \$290,000 and the third threshold from \$570,000 to \$750,000. The marginal rate for the third threshold was reduced from 1.76% to 1.62%.

From 1 July 2006, the exemption threshold was increased from \$130,000 to \$150,000, the second threshold increased from \$290,000 to \$390,000 and the third threshold from \$750,000 to \$875,000.

### *Changes to Concessions since 1982*

In 1985-86 and 1986-87, as an interim measure, a 10% land tax rebate was offered to all of Western Australia's land tax payers, pending the major review of 1986-87.

In 1988-89, the Government extended the phase-in period for general revaluations for land tax purposes from three years to four years, a move designed especially to assist owners of Perth Central Business District (CBD) properties whose land was subject to revaluations in that year.

In 1991-92, the Government decided not to apply new valuations for land tax purposes, a move designed to provide relief to owners of property otherwise subject to both the first year's phase-in of a new valuation and the fourth year's phase-in of the previous valuation (again, owners of Perth CBD properties were the principal beneficiaries).

In 1992-93, land tax assessments were frozen at 1991-92 levels, except where reductions were applicable (or where there had been variations to land holdings). Reductions were applicable primarily in the Perth CBD where in some cases the new 1992-93 valuations were significantly less than the fully phased-in 1988-89 valuations on which the 1991-92 land tax assessments were based.

In 1993-94, a land tax exemption for beneficiary-occupiers of residences owned by discretionary trusts was re-introduced (reversing the removal of this exemption in 1989).

In 1994-95, a land tax exemption was extended to all land owned by retirement villages. Also, the 50% land tax concession available for land used solely for non-profit activities by a society, club or association was increased to a 100% exemption.

In 1995-96, the primary production exemption was extended to land used by the owner for the purpose of breeding horses. Also, a 50% concession was provided to certain primary producers who do not meet a 'one third of net income from primary production' test.

In 1996, a concession was introduced for land developers by applying the land tax scale to the 'en globo' (un-subdivided) value of property.

The 50% concession for land owned by a religious or educational body and used for commercial or business purposes was reduced to 40% in 1998-99 and 20% in 1999-2000. The concession was completely phased out from 2000-01 onwards.

The land tax exemption for principal places of residence held by a company or trust was removed from 1 July 2002.

The land developers' concession was removed from the 2003-04 land tax year, as part of the reform of State taxes.

From 1 July 2004, land held under an approved conservation covenant is exempt from land tax.

From 1 July 2005, caravan parks are entitled to a 50% land tax concession.

As a Stage 1 State Tax Review measure the exemption period for persons constructing new residences has extended from 12 months to two years (from

1 July 2006), and parents providing independent accommodation for disabled children were exempt from land tax (from 1 July 2006) – see Appendix 2 on State Tax Review.

## Metropolitan Region Improvement Tax

Metropolitan Region Improvement Tax (MRIT) is levied upon the unimproved value of all land which is both liable for land tax and located within the boundaries of the metropolitan region. MRIT collections are hypothecated to a trust fund for expenditure by the Western Australian Planning Commission on road reserves, parks and recreation areas. MRIT is collected under the *Metropolitan Region Improvement Tax Act 1959*, which is administered by the Office of State Revenue.

### *Rate of Tax*

0.15% of unimproved land value (on the total land value, once the \$150,000 exemption threshold is exceeded).

### *Exemptions and Concessions*

As for land tax, except that from 1 July 2005 land tax applies only to the portion of land value that exceeds the exemption threshold.

### *Changes to the Rate Scale since 1982*

In 1987-88 the rate of MRIT was reduced from 0.25% to 0.225% of unimproved value.

In 1993-94 the rate was further reduced to 0.15%, to accommodate the introduction of annual valuations for land tax.

### *Changes to Concessions since 1982*

As for land tax.

## Financial Transactions Taxes

### Stamp Duty on Insurance Policies

Stamp duty on insurance policies is paid by insurers and is based on the value of the insurance premium. It is collected under the *Stamp Act 1921*, which is administered by the Office of State Revenue.

#### *Rate of Tax*

Type of Insurance	Rate of Duty
General and Compulsory Third Party insurance	10% of premium

#### *Exemptions and Concessions*

Insurance of risks associated with the transport of goods and commercial marine hulls is exempt from stamp duty. Health insurance and superannuation policies, workers' compensation insurance and life insurance are also exempt.

#### *Interstate Comparison (2006-07)*

### *Changes to Rates and Base since 1982*

Stamp duty on life insurance was introduced from 1 November 1983.

The exemption for insurance on transport of goods and on commercial marine hulls came into effect on 11 December 1986.

The stamp duty rate on general insurance policies was increased from 5% to 8% from 1 July 1998, and was further increased to 10% from 1 July 2003.

The concessional rate for workers' compensation insurance was increased from 3% to 5% from 1 July 1998.

From 30 June 2001, the concessional rate for workers' compensation insurance was reduced from 5% to 3% for employers who were exempt from pay-roll tax (at the time stamp duty on workers' compensation insurance was abolished – see above - the pay-roll tax exemption threshold was \$750,000). The 5% rate remained unchanged for other employers.

The nominal amount of stamp duty (25 cents per policy) for motor vehicle compulsory third party insurance policies was replaced by an ad valorem rate of 8% of the premium from 1 July 2002. The ad valorem rate was increased to 10% from 1 July 2003.

As part of the reform of State business taxes, stamp duty on workers' compensation insurance and life insurance policies was abolished from 1 July 2004.

## Stamp Duty on Mortgages

Stamp duty on mortgages and other securities is paid by the borrower on the basis of the amount secured. The duty is collected under the *Stamp Act 1921*, which is administered by the Office of State Revenue.

As a Stage 1 State Tax Review measure, stamp duty on mortgages will be abolished from 1 July 2008 – see Appendix 2 on the State Tax Review.

### *Rate of Duty*

From 1 July 2006, the rate of mortgage duty is \$0.20 per \$100 of the loan amount, except for loans for owner-occupied residences where \$0.125 per \$100 applies.

Mortgage duty does not apply to unsecured and non-lending financial arrangements.

### *Exemptions and Concessions*

Universities and charities are eligible for an exemption.

From 1 January 2006, loan refinancings for principal places of residence, and business loans (of \$5 million or less) are exempt from stamp duty.

*Interstate Comparison (2006-07)***MORTGAGE DUTY RATES ON AMOUNTS SECURED**

WA	NSW <sup>(a)</sup>	VIC	QLD <sup>(b)</sup>	SA <sup>(c)</sup>	TAS <sup>(d)</sup>	NT	ACT

1,000,000	2,000	3,941		4,000	4,483	1753		

*Changes to the Rate Scale since 1982*

The rate of duty was increased from \$0.15 to \$0.25 per \$100 of the amount secured from 1 November 1983.

A higher marginal rate of duty of \$0.40 per \$100 on the component of the loan in excess of \$35,000 was introduced from 1 November 1989, other than for loans for purchases of owner-occupied residences.

From 1 January 2004, a single rate of mortgage duty of \$0.40 per \$100 was applied to the whole amount secured, except for loans for owner-occupied residences which remain at \$0.25 per \$100.

As part of the Stage 1 State Tax Review measures, the staged abolition of mortgage duty by 1 July 2008 commenced with a 50% rate reduction from 1 July 2006. This brought the rate for mortgage duty down to \$0.20 per \$100, with the rate for loans for owner-occupied residences reduced to \$0.125 per \$100.

# Motor Vehicle Taxes and Fees

## Stamp Duty on Motor Vehicle Licences

Stamp duty on motor vehicle licence transfers (or the grant of a new licence) is paid by the vehicle purchaser and is based on the market value of the motor vehicle. The duty is collected by the Licensing Division of the Department for Planning and Infrastructure on behalf of the Office of State Revenue. The relevant pieces of legislation are the *Stamp Act 1921* and the *Road Traffic Act 1974*, which are administered by the Office of State Revenue and the Department for Planning and Infrastructure respectively.

### *Rate of Tax*

#### **New Heavy Vehicles (over 4.5 tonnes)**

3% of market value of vehicle. The maximum stamp duty payable is \$12,000 per vehicle.

#### **Used Heavy Vehicles**

<b>Market Value of Vehicle</b>	<b>Tax Rate</b>
\$0 – \$15,000	2.5% flat
\$15,001 – \$40,000	2.5% + X% of V <sup>(a)</sup>
Over \$40,000	5.0% flat

$$(a) X = (V - 15,000) / 10,000$$

where V = market value of vehicle

The maximum stamp duty payable is \$20,000 per vehicle.

#### **New and Used Light Vehicles**

<b>Price of Vehicle <sup>(a)</sup></b>	<b>Tax Rate</b>
\$0 – \$15,000	2.75% flat
\$15,001 – \$40,000	2.75% + X% of V <sup>(b)</sup>
Over \$40,000	6.50% flat

(a) List price is used for new vehicles. Market value for used vehicles.

$$(b) X = (V - 15,000) / 6,667$$

where V = value of vehicle

### Exemptions and Concessions

Transfers of vehicles to dealers for re-sale are exempt from duty, as are purchases of all vehicles exempt from annual licence fees under the *Road Traffic Act 1974* (includes certain off-road vehicles used in farming and mining, government vehicles, vehicles purchased by certain charities, and vehicles purchased by holders of a TPI card issued by Veteran's Affairs or an Invalid Rehabilitation card issued by Centrelink).

### Interstate Comparison (2006-07)

STAMP DUTY ON MOTOR VEHICLES (BASED ON MARKET VALUES) <sup>(a)</sup>							
WA	NSW	VIC	QLD	SA	TAS	NT	ACT

---

*Changes to the Rate of Duty since 1982*

From 1 November 1983, the rate of stamp duty on motor vehicle licence transfers was increased from \$1.50 to \$3.00 per \$100 of the vehicle value. A maximum duty ceiling was also removed at that time.

From 1 July 1999, the rate of stamp duty was changed from a single flat rate to a three tiered scale ranging from 2.5% to 5.0%.

From 1 July 2002, the rates of stamp duty were changed to the current three scales (one for new heavy vehicles, one for used heavy vehicles and one for other vehicles as shown above). The scale for other vehicles (which includes light vehicles) involved a higher minimum rate (2.75%) and maximum rate (6.5%).

<sup>(a)</sup> Revenue on accrual basis from 1998-99 onwards. Previous data are on a cash basis.

<sup>(b)</sup> Budget estimate.

## Motor Vehicle Licence and Recording Fees

Motor vehicle licence registration fees are paid by motor vehicle owners (who use their vehicles on public roads) either every six months or 12 months.

The registration fees consist of a motor vehicle licence fee, compulsory third party insurance premium and recording fee. These registration fees are collected by the Licensing Division of the Department for Planning and Infrastructure under the *Road Traffic Act 1974*.

### *Current Licence Fees*

For light vehicles (gross weight of less than 4.5 tonnes), the licence fee component of the registration fee is currently \$14.75 per 100 kg of tare weight. The example in the table below indicates the licence fees payable on a 6-cylinder Holden Commodore (on the basis of 1,622 kg tare weight) for either family or business use. The difference of \$53 is due to a discount for family vehicles.

	<b>Family Use \$ per annum</b>	<b>Business Use \$ per annum</b>
Holden Commodore	197.75	250.75

For heavy vehicles (gross weight of 4.5 tonnes or more), Western Australia adopted the national uniform licence fee regime from 1 July 1996. The licence fee component of the registration fees for these vehicles is determined by the number of axles, the gross weight of the vehicle and its nomination of use in towing trailers.

The revenue from motor vehicle licence fees is hypothecated to the Main Roads Trust Fund, which is used for road expenditure purposes.

### *Licence Fee Exemptions and Concessions*

A total exemption applies to vehicles used by Commonwealth, State and local government agencies, government hospitals, disabled pensioners and ministers of religion. Light vehicles (less than 4.5 tonnes) owned by some State government trading enterprises are also exempt.

Charitable institutions receive either a 50% concession or 100% exemption depending on the use of the vehicle. Interchangeable semi-trailers are 75% exempt. Vehicles used by primary producers, beekeepers, kangaroo shooters, sandalwood pullers and prospectors receive a 50% exemption. Trailers used outside the South West Land Division are also 50% exempt.

Holders of a Pensioner Concession Card and seniors who hold **both** a State Seniors Card and Commonwealth Seniors Health Card receive a 50% exemption.

A flat annual discount of \$53 applies to family vehicles (non-business vehicles).

*Interstate Comparison (2006-07)*

In New South Wales, Victoria and the Australian Capital Territory, licence fees are based on the weight of the vehicle. In Queensland, South Australia and the Northern Territory licence fees are based mainly on the number of cylinders and engine capacity. Using the same example of a 6-cylinder Holden Commodore, interstate comparisons are as follows:

---

<b>MOTOR VEHICLE LICENCE FEES<sup>(a)</sup></b>								
	<b>WA</b>	<b>NSW</b>	<b>VIC</b>	<b>QLD</b>	<b>SA</b>	<b>TAS</b>	<b>NT</b>	<b>ACT</b>

Business Use	250.75	552.00	168.60	311.45	178.00	133.00	152.00	535.00

---

<sup>(a)</sup> Excludes administration, recording and inspection fees and compulsory third party insurance premiums.

*Changes in Licence Fees since 1982*

On 1 July 1997, licence fee rates in Western Australia were increased by approximately 20%.

On 1 July 1998, licence fees were further increased, and the calculation of the fees was simplified and charged on the basis of weight only (\$12 per 100 kg tare weight). From 1 July 1999, licence fees have been indexed to the movement in the Perth consumer price index.

---

**MOTOR VEHICLE LICENCE FEES SINCE  
1986**

Year	Holden Commodore	
	Family \$ p.a.	Business \$ p.a.

2006	197.75	250.75

---

Note: Changes to motor vehicle licence fees can reflect the release of a new model with a different tare weight.

### *Changes in Concessions since 1982*

Since 1 January 1987, age pensioners who hold Pensioner Health Benefits Cards (now the Pensioner Concession Card) have received a 50% concession on licence fees.

From 1 January 1990, a \$20 concession was introduced for family vehicles. In addition, family vehicles did not attract the 7% increase in licence fees, which applied to other vehicles from that date.

From 1 July 1998, the family discount was fixed at \$28 and the 25% concession for diesel powered vehicles was removed. The 25% concession for intrastate vehicles was phased out in two stages by 1 July 1999.

From 1 July 2001, eligibility for a 50% concession on licence fees was extended to seniors who hold **both** a State Seniors Card and a Commonwealth Seniors Health Card.

From 1 July 2005, the family vehicle discount was increased from \$28 to \$53.

*Motor Vehicle Recording Fees*

The recording fee is collected to recover the costs incurred by the Department for Planning and Infrastructure for the printing and posting of the renewal notice, the processing of the payment, the printing and postage of a receipt and registration sticker and for maintaining the computer database.

The recording fee is \$10.15 per renewal and is expected to raise about \$31 million in 2006-07.

# Gambling Taxes

## Lotteries Commission

The Lotteries Commission raises money through sales of Lotto, Soccer Pools, Cash 3 and instant lotteries for distribution to hospitals and community organisations, and for sports and cultural activities.

The Lotteries Commission operates under the *Lotteries Commission Act 1990*.

On a Government Finance Statistics basis, taxation revenue for this item does not include revenue retained by the Commission and is net of GST rebate arrangements.

### *Interstate Comparison*

In Western Australia, retailers' fees are added on to the price of tickets and are paid directly by consumers, except for Saturday Lotto, Cash 3 and instant lottery, where the Commission directly pays a fee of 8% to the retailers. In all other States, retailers' fees are added on to the price of all tickets, and hence paid directly by consumers.

An interstate comparison of taxation and hypothecation of Lotteries Commission revenue is as follows:

---

<b>WA</b>	40% of net subscriptions (sales net of any add-on commission less prize liability) is paid to the Hospital Fund; 12.5% of net subscriptions plus any surplus funds is paid to such eligible organisations as the Commission thinks fit and the Minister approves; 5% of net subscriptions is paid into the Sports Lotteries Account; 5% of net subscriptions is paid into the Arts Lotteries Account; and up to 5% of net subscriptions is used to support the Festival of Perth and the WA film industry.
<b>NSW</b>	Tax is based on 66.1% of player loss (i.e. subscriptions less outgoings for the public lottery).
<b>VIC</b>	79.4% (where GST is payable) or 90.0% (where GST is not payable) of player loss is paid into the Consolidated Fund (CF). Revenue is then transferred by standing appropriation from the CF to the Hospitals and Charities Fund and Mental Hospitals Fund. 57.52% (where GST is payable) or 68.0% (where GST is not payable) of player loss for Soccer Pools.
<b>QLD</b>	62% of gross revenue (i.e. player loss) for lotteries, 55% for instant scratch-its, 45% for Golden Casket lotteries, 59% for Soccer Pools. 8.5% of these revenues are allocated to the Community Investment Fund. GST credit is provided.
<b>SA</b>	Lotto, Powerball, Super 66 and instant scratchies: 41% of net gambling revenue (i.e. player loss) plus remaining surplus hypothecated to the Hospitals Fund. Sports and special lotteries: 41% of net gambling revenue plus distributable surplus hypothecated to the Recreation and Sport Fund.
<b>TAS</b>	Subscriptions are collected on behalf of Tasmania by Victoria. Victoria pays 100% of the duty from subscriptions to Tasmania. All the funds are paid into the CF.
<b>NT</b>	NT's Tattersall's lotteries and soccer pool subscriptions are collected on behalf of the NT by Victoria. Victoria pays 100% of the duty from subscriptions to the NT. All funds received are paid into the Lotteries Fund Account, where payments are made to charitable organisations or transferred to the CF and Sports and Recreational Development Fund. 57.52% of player loss attributable to the NT for Soccer Pools.
<b>ACT</b>	Subscriptions are collected on behalf of the ACT by Victoria (79.4% of player loss) and NSW (66.1% of player loss). 57.52% of Soccer Pool player loss.

---

### *Changes in Lotteries Commission's Products since 1981*

The Commission became a member of the Australian Lotto Bloc in 1981 and has marketed Weekend Lotto since then. MidWeek Lotto was introduced in 1983 and Super 66 in 1986. Oz Lotto was introduced in 1994, and Powerball was launched in 1996 to replace Midweek Lotto. Cash 3 was launched in 1998 as the first on-line game unique to Western Australia.

Soccer Pools were taken over by the Lotteries Commission in October 1989.

### *GST Re-imburements*

As part of the intergovernmental agreement on the GST, the States agreed to adjust their gambling tax arrangements from 1 July 2000 to 'make room' for the GST. The mechanisms for achieving this vary across jurisdictions, but generally involve:

- reducing State gambling tax rates;
- allowing a credit against State gambling taxes payable; or
- providing a rebate/re-imburement to gambling operators of their GST liability. This is the approach adopted in Western Australia.

The GST re-imburement to the Lotteries Commission was about \$15.4 million in 2000-01 (the first year) increasing to about \$21.9 million in 2005-06. The revenue in the above table is net of these GST re-imburements.

## Casino Tax

Casino tax is payable each month by the casino licence holder based on its gross gaming revenue (total bets placed less winnings paid out) in the preceding month. Casino tax is collected by the Department of Racing, Gaming and Liquor under the *Casino (Burswood Island) Agreement Act 1985* and the *Casino Control Act 1984*.

On a Government Finance Statistics basis, taxation revenue for this item is net of GST rebate arrangements.

### *Rate of Tax*

Category	Rate of Duty	
	From 24 Dec 2004	From 24 Dec 2006
Electronic gaming machines	20%	20%
Table games (including Keno)	17%	18%
International commission business	12%	11%

An additional 1% (or \$1 million, whichever is the greater) is paid to the Burswood Park Board for upkeep of the Park. An annual licence fee of around \$2.09 million is also payable in advance in four quarterly instalments to the Gaming and Wagering Commission of Western Australia to defray its running costs. The annual licence fee is adjusted for inflation each year.

The levy will increase to 1.5% from 1 January 2007 and to 2% from 1 January 2008. The additional revenue from the higher levy will be used to fund initiatives to improve the health of the Swan and Canning Rivers.

### *Exemptions and Concessions*

**CASINO TAX RATES**

<b>WA</b>	From 24 December 2004: 20% of electronic gaming machine gross revenue, 17% of table games (including keno) gross revenue and 12% of international commission business gross revenue. Plus 1% levy (or \$1m, whichever is the greater) for the upkeep of Burswood Park.
<b>NSW</b>	13.41% of gross revenue (i.e. player loss) from slots and 10.91% of gross revenue from table gaming, plus super tax on table revenue above \$271m p.a. at 1% for each \$6.8m to a max of 35.91%. Plus community benefit levy of 2% on gross gaming revenue (excluding high roller revenue). International high roller program has been suspended.
<b>VIC</b>	21.25% of gross revenue, plus 1% super tax for each \$20m gross revenue above \$500m. (CPI adjusted from 1994), to a max super tax of 20% on gross revenue over \$880m (CPI adjusted from 1994). 9% of gross revenue applies to high roller tables, plus super tax of 1% for each \$20m of gross revenue over \$160m (CPI adjusted) up to a max of 12.25% on gross revenue over \$380m (CPI adjusted). 1% community benefit levy.
<b>QLD</b>	For non-premium players: 20% of gross revenue (i.e. player loss) for Brisbane and Gold Coast casinos; 10% of gross revenue for Townsville and Cairns casinos. For premium players: 10% for Brisbane and Gold Coast casinos; 8% for Townsville and Cairns casinos. Community benefit levy of 1% of gross revenue applies to all casinos.
<b>SA</b>	0.91% of net table gambling revenue (i.e. player loss) plus 34.41% of net gaming machine revenue.
<b>TAS</b>	5.88% of gross profit on Keno and 0.88% of gross profit on table gaming. 20.88% of first \$35m of gross profit on gaming machines and 25.88% on gross revenue in excess of \$35m.
<b>NT</b>	8% for Lasseters Casino, 21% of gross profit for poker machines, 12% of gross profit for general games for Skycity Darwin Casino and 4% for international sourced bets on internet casino. 9.09% of gross profit for commission based games.
<b>ACT</b>	10.9% of gross revenue for general gaming, 0.9% of gross revenue on commission based gambling. Interactive gaming's taxed at 20% of monthly gross profit when monthly gross profit is less than \$10 million. The tax rate falls to 10% for monthly gross profit between \$10 million and \$20 million, and 5% thereafter.

---

**CASINO LICENCE FEES**

<b>WA</b>	One-off payment of \$20.6m for the security of the licence. \$2.09m p.a. payable in four instalments in advance, indexed annually.
<b>NSW</b>	A one-off non-refundable payment of \$256m.
<b>VIC</b>	\$358.4m fully paid.
<b>QLD</b>	\$169,700 per quarter, indexed.
<b>SA</b>	Nil.
<b>TAS</b>	\$122,300 per month in 2005-06, indexed annually.
<b>NT</b>	Nil.
<b>ACT</b>	\$691,027 p.a. for 2005-06, indexed annually.

---

*Changes to the Tax Rate or Concessions since 1982*

Prior to 24 December 2002, casino tax was 15% of casino gross revenue for all gaming.

From 24 December 2002, the single casino tax was replaced with a three tier scale with different rates applying to international gaming, domestic table gaming and gaming machines.

<sup>(a)</sup> Revenue on accrual basis from 1998-99 onwards. Previous data are on a cash basis.

<sup>(b)</sup> Budget estimate.

As part of the intergovernmental agreement on the GST, the States agreed to adjust their gambling tax arrangements from 1 July 2000 to 'make room' for the GST (see also the section on the Lotteries Commission). In regard to casino tax, a rebate of \$29.8 million was paid in 2005-06 to the operators to compensate for their GST liability. The revenue in the above table is net of these GST re-imbursments.

## Betting Taxes

Betting taxes comprise the Racing and Wagering Western Australia (RWWA) Wagering Tax and the Bookmakers' Betting Levy.

The RWWA Wagering Tax is levied monthly on RWWA turnover and is paid by RWWA into the Consolidated Fund. It accounts for the bulk of betting taxes.

The RWWA Wagering Tax is collected by the Office of State Revenue under the *Racing and Wagering Western Australia Act 2003* and the *Racing and Wagering Western Australia Tax Act 2003*. The Bookmakers' Betting Levy is collected under the *Bookmakers Betting Levy Act 1954*.

On a Government Finance Statistics basis, the revenue from RWWA Wagering Tax is net of GST rebate arrangements.

### *Rate of Tax*

The RWWA Wagering Tax rate is currently 5% of betting turnover. However, the tax rate is effectively 4.5% of betting turnover, reflecting an administrative reimbursement of 0.5% of turnover to RWWA. The Totalisator sports betting turnover rate is 5% of betting turnover. For off-course fixed odds betting turnover the rate is 2% for racing and 0.5% for sports betting.

From 1 July 2007, the TAB betting tax base will be changed from 4.5% of TAB turnover, to a tax rate of 21% of gross margin. This is equivalent to a tax rate of around 3.5% on TAB turnover.

The Bookmakers' Betting Levy is 2% in respect of race betting turnover and 0.5% in respect of sports betting turnover at a racecourse. The levy is collected by the racing clubs and the revenue is retained by the industry, except for sports betting, where the Government receives 50% of the collections.

From 1 August 1998, a 2% Bookmakers' Betting Levy was introduced for sports betting at a sporting venue. The revenue from this levy is collected by the Gaming and Wagering Commission and remitted to the Sports Wagering Account for distribution at the discretion of the Minister for Sport and Recreation.

– multiple bets	0.0	(a)	(a)	(b)	(d)	(e)	(f)	(g)

(a) 19.11% of player loss.

(b) 20% of player loss, of which 8.5% is allocated to the Community Benefit Fund.

(c) 6% of net wagering revenue (i.e. player loss) (while in Government ownership). 45% of TAB distributable surplus is hypothecated to the Hospital Fund.

(d) Tax rate varies from 1% to 5.25% depending on sum of bets made.

(e) Tax abolished 1 August 2000.

(f) NT's betting taxes are levied on the type of event rather than the type of bet. These are 40% of the licensee's commission on thoroughbred and harness races and greyhound races; 20% of the licensee's commission on races, events, sports and activities other than thoroughbred and harness races and greyhound races if in Australia and 10% if outside Australia.

(g) A monthly licence fee plus a dividend and tax equivalents of around 3.6%.

*Changes to the Rate Scale since 1982*

Prior to the establishment of RWWA in 2003, betting taxes comprised of the Totalisator Agency Board (TAB) betting tax and the Bookmakers' Betting Levy.

The TAB Betting Tax rate was increased from 6% to 7% of TAB turnover in 1983. In 1988-89, both the TAB Betting Tax and Totalisator Duty rates were reduced by 1%.

The Government reduced the Bookmakers' Betting Tax from 2.50% to 2.25% and abolished stamp duty on betting tickets from 1 August 1989.

From 28 June 1996, the TAB Betting Tax rate was reduced to 5%, the Totalisator Duty was abolished, and the Bookmakers' Betting Tax was changed to a levy with the rate reduced to 2%. All the collections from the Bookmakers' Betting Levy are retained by the industry, except for sports betting, where the Government receives 50% of the collections.

From 30 June 1998, the Bookmakers' Betting Levy for sports betting at a racecourse was reduced from 2% to 0.5%. From 1 August 1998, the Bookmakers' Betting Levy was introduced at the rate of 2% for sports betting at a sporting venue.

From 1 February 2001, the TAB Betting Tax rate was effectively reduced from 5.0% to 4.5%, through the payment of rebates to the TAB.

### *GST Re-imburements*

As part of the intergovernmental agreement on the GST, the States agreed to adjust their gambling tax arrangements from 1 July 2000 to 'make room' for the GST (see also the section on the Lotteries Commission). The GST re-imburement for the TAB amounted to \$27.4 million in 2005-06. The revenue in the above table is net of these GST re-imburements.

## Other Fees, Levies and Abolished Taxes

### Emergency Services Levy

The Emergency Services Levy (ESL) was introduced from 1 July 2003 as a new funding arrangement for the State's fire and emergency services.

The ESL replaced the previous arrangements under which the cost of permanent fire services was funded by a fire brigade levy paid by insurance companies (75%), local government (12.5%) and the State (12.5%).

The new levy is collected by the local government authorities on behalf of the Fire and Emergency Services Authority (FESA) from property owners. The revenue is dedicated to fund a range of services, including Career Fire and Rescue Service, Volunteer Fire and Rescue Service, Local Government's Bush Fire Brigades, State Emergency Service, and Multi-service FESA Units.

The levy is based on the property's gross rental value and the levy rate varies according to regions. The levy is expected to raise about \$138 million in 2006-07.

### Loan Guarantee Fees

The Western Australian Treasury Corporation (WATC) collects Loan Guarantee Fees (LGF) from agencies on behalf of the Treasurer in respect of monies lent to agencies by the WATC. The Treasurer charges the agencies the LGF for providing an explicit government guarantee on liabilities incurred by WATC in raising loan funds for agencies. The current scale of LGF is as follows:

- 20 basis points (bps) per annum for borrowings by agencies through the WATC, including long-term borrowings by Verve Energy, Synergy, Horizon Power and Western Power;
- 10 bps per annum for local government borrowers (short and long-term);
- 10 bps per annum for short-term offshore funding of Verve Energy, Synergy, Horizon Power and Western Power; and
- 5 bps per annum for short-term domestic funding of Verve Energy, Synergy, Horizon Power and Western Power.

The revenue from Loan Guarantee Fees is estimated to be around \$14 million in 2006-07.

## Stamp Duty on Leases

Stamp duty on leases was abolished from 1 January 2004. It was levied on lease agreements relating to real property. The duty was applied to the rent value stated in the lease agreement.

For a fixed term lease agreement, the rate of duty was 35 cents per \$100 of the total rent payable for the term (this rate applied to a minimum of one year's rent even when the lease is less than a year). For a lease with an indefinite term, the rate of duty was 70 cents per \$100 of one year's rent (irrespective of the eventual duration of the rental period).

## Stamp Duty on Cheques

Stamp duty on cheques was a fixed amount of 10 cents per eligible instrument (a payment order, a bill of exchange or a promissory note). This duty was also abolished from 1 January 2004.

## Stamp Duty on Unquoted Marketable Securities

Stamp duty was payable on the transfer of marketable securities in private companies and trusts, and in public companies and trusts where securities are not quoted on the Australian Stock Exchange (ASX) or another recognised stock exchange. This duty was abolished from 1 January 2004 (stamp duty on quoted marketable securities was abolished on 1 July 2001). The rate of duty was 60 cents per \$100 for unquoted securities, payable by the purchaser.

## Debits Tax

Debits tax was abolished on 1 July 2005. It was levied on all withdrawals (including cash withdrawals) from accounts on which cheques can be drawn. The tax was transferred by the Commonwealth to State governments from 1 January 1991. In Western Australia, it was collected under the *Debits Tax Act 2002* and the *Debits Tax Assessment Act 2002*, which were administered by the Office of State Revenue.

Prior to being abolished, it was levied at the following rates:

---

<b>Size of Withdrawal</b>	<b>Tax Payable</b>
\$	\$
0 – 1	Nil
1 – 99	0.30
100 – 499	0.70
500 – 4,999	1.50
5,000 – 9,999	3.00
10,000 and over	4.00

---

# Appendix 1

## A Summary of Tax Changes in 2006-07 in all States and Territories

The following is a summary of the major tax changes announced in 2006-07 State Budgets.

---

### Western Australia

#### *Land Tax*

From 1 July 2006, the exemption threshold was increased from \$130,000 to \$150,000, the second threshold from \$290,000 to \$390,000, and the third threshold from \$750,000 to \$875,000. This is expected to free some 18,000 land tax payers from paying land tax altogether in 2006-07.

An anti-avoidance provision has been inserted into the *Land Tax Assessment Act* to prevent land owners with multiple holdings from transferring minor interests into a different ownership than the bulk of their holdings in order to avoid paying a higher aggregated land tax rate.

From 1 July 2006, the land tax exemption period for the construction of new residences has been extended to two years. This measure is estimated to cost around \$2 million in 2006-07 and \$9 million over the 4 years to 2009-10.

#### *Mortgage Duty*

From 1 July 2006, mortgage duty rates were cut by 50% to 12.5 cents per \$100 for home loans and 20 cents per \$100 for other loans. Mortgage duty will be abolished from 1 July 2008. The staged abolition of mortgage duty is estimated to reduce revenue by \$73 million in 2006-07 and \$493 million over the 4 years to 2009-10.

#### *Hire of Goods Duty*

Hire of goods duty will be abolished from 1 January 2007. The estimated revenue cost is \$15 million in 2006-07, \$38 million in 2007-08 and \$138 million over the four years to 2009-10.

### *Conveyance Duty*

Conveyance duty on non-real business property will be abolished from 1 July 2010. The estimated revenue cost in 2010-11 is estimated to be around \$119 million.

First home buyers who enter into a shared equity arrangement with the Department of Housing and Works are now able to receive an exemption or concession on any subsequent purchases of interest under these shared equity arrangements. First home buyers making subsequent purchases of equity were previously subject to stamp duty at full conveyance rates.

From 1 July 2006, transfers of dutiable assets from a bankrupt to a creditor are exempt from stamp duty. In addition, liability for duty in the event of a gift of property being made was shifted from the donor to the recipient. A consequence of this change is that gifts of dutiable property to a charity will now be exempt from duty.

---

## New South Wales

### *Mortgage Duty*

Mortgage duty will be abolished in two equal tranches; the first occurring on 1 January 2010, followed by full abolition from 1 January 2011.

### *Land Tax*

For the 2007 land tax year, the taxable value of each parcel of land will be the average of the land values for the new tax year and the previous two land tax years. This is a change from the current system in which land tax is calculated on the land value as at 1 July in the relevant land tax year.

For the 2007 and future land tax years the land tax threshold will be averaged. The threshold will be the average of the 'indexed amount' for the new tax year and the previous two land tax years, as calculated annually by the Valuer General.

### *Hire of Goods Duty*

Hire of goods duty will be abolished from 1 July 2007.

### *Lease Duty*

Lease duty will be abolished from 1 January 2008.

*Unquoted Marketable Securities Duty*

Unquoted marketable securities duty will be abolished from 1 January 2009.

*Transfer Duty on non-land Business Assets*

Transfer duty on non-land business assets will be abolished from 1 July 2012.

Victoria<sup>2</sup>*Land Tax*

A previous announcement that the top marginal rate would be reduced to 3% in 2008 has been brought forward and is to be implemented in 2007.

From 2007 there will be a reduction in a number of the “middle” land tax rates. The current 1% rate (starting at \$900,000) will be reduced to 0.8%, the 1.5% rate (starting at \$1.19 million) to 1.2% and the 2.25% rate (starting at \$1.62 million) to 1.8%.

From 2007 the use of indexation factors will be abolished, ensuring that land tax is always based on actual valuations of individual properties. Currently land is valued only every second year meaning that land tax in non-valuation years was calculated on the previous valuation inflated by an indexation factor.

*Payroll Tax*

The Payroll tax rate was reduced to 5.15% from 1 July 2006, with this to be followed by further reductions to 5.05% from 1 July 2007, and to 5% from 1 July 2008.

*Conveyance Duty*

From 30 May 2006, the thresholds for full or partial exemptions from duty on home purchases for eligible pensioners and concession cardholders was increased from \$250,000 to \$300,000 for the full exemption, and from \$350,000 to \$400,000 for a partial exemption.

<sup>2</sup> A Victorian ALP election policy statement, released on 30 October 2006, contained commitments to improve housing affordability through reductions in stamp duty on the purchase of a principal place of residence and added assistance to first home buyers. These commitments include a reduction in the rate of duty on properties valued between \$115,000 and \$400,000 from 6% to 5%, a flat \$2,850 reduction in duty on properties valued between \$400,000 and \$500,000 and an increase in the first home bonus, from \$3,000 to \$5,000, for first home buyers purchasing a newly constructed dwelling. The ALP also intends to bring forward a pre-existing commitment to reduce the payroll tax rate from 5.15% to 5.05%, to be effective from 1 January 2007.

## Queensland

### *Payroll Tax*

From 1 July 2006, the payroll tax threshold was increased from \$850,000 to \$1 million. The maximum payroll at which employers receive a deduction was increased from \$3.4 million to \$4 million.

### *Land Tax*

From 1 July 2006, the tax free threshold for resident individual land tax payers was increased from \$450,000 to \$500,000.

### *Conveyance Duty*

From 1 July 2006, rates of duty payable on dutiable transactions were increased for transfers of property with a dutiable value above \$500,000. The rate for dutiable transactions valued between \$500,000 and \$700,000 rose from 3.75% to 4.00%, with the rate above \$700,000 increasing from 3.75% to 4.50%.

At the same time, the threshold for the home concession rose from \$300,000 to \$320,000 ensuring that buyers of homes valued below \$700,000 will not pay more duty.

From 1 January 2007, a new first home owner transfer duty concession/exemption will be available for the purchase of vacant land. First home owners who purchase a vacant block of land to build their first home will not be liable for duty where the value of the land is up to \$100,000, and will receive a rebate where the value of the land is up to \$250,000.

---

## South Australia

No tax relief was announced as part of the 2006-07 budget. Changes to the land rich provisions of the Stamp Act 1923 to counter avoidance activity and increased compliance efforts by Revenue SA were announced.

### *Taxes to be abolished*

Rental and Mortgage duty will be abolished in three equal tranches; the first occurring on 1 July 2007, the second on 1 July 2008, followed by full abolition from 1 July 2009.

Stamp duty on non-real property transfers and non-quoted marketable securities will be abolished in two equal tranches; the first occurring on 1 July 2009, followed by full abolition from 1 July 2010.

---

## Tasmania

### *Mortgage Duty*

From 1 July 2006, mortgage duty will be halved from its current rate of 0.35% for amounts exceeding \$10,000 to a rate of 0.175% for amounts exceeding \$10,000. This will be followed by a full abolition of mortgage duty from 1 July 2007.

### *Conveyance Duty*

Duty on non-real business property conveyances will be abolished from 1 July 2008.

---

## Australian Capital Territory

### *Fire and Emergency Services Levy*

From 1 July 2006, a fire and emergency services levy will be introduced on all residential, rural and commercial properties to help cover the cost of providing fire and emergency services to the community.

Residential and rural properties will be charged a fixed levy of \$84 per annum per property, whilst for rateable commercial properties the levy will be imposed as a percentage (0.4875%) of the average unimproved land value (AUV) of the property that exceeds the threshold of \$22,000.

### *Conveyance Duty*

From 1 July 2006, eligible homebuyers purchasing a property with a value of less than \$285,000 will continue to pay only \$20 in duty. Similarly, purchases of land for up to \$158,400 will also only attract duty of \$20. For homebuyers purchasing a property between \$285,000 and \$326,000 or vacant land between \$158,400 and \$180,000, the amount of the concession reduces up to the higher threshold where the concession ceases.

### *Ambulance Levy*

From 1 January 2007, the ambulance levy imposed on private health insurance funds will increase. The increase is to help cover the cost of providing ambulance services.

*Payroll Tax*

From 1 June 2006, approved Group Training Organisations are exempt from paying payroll tax on the wages of trainees and apprentices for the full term of an approved training contract, which can be up to three or four years.

*Motor Vehicle Duty*

From 18 May 2006, the cost of modifications to motor vehicles to accommodate the needs of people with a disability will be exempt from duty.

---

Northern Territory

*Pay-roll Tax*

The pay-roll tax exemption threshold has been raised from \$1 million to \$1.25 million from 1 July 2006.

*Taxes To Be Abolished*

Stamp duty on marketable securities and leases will be abolished from 1 July 2006. Stamp duty on hiring charges will be abolished from 1 July 2007. Stamp duty on non-real conveyances duty will be abolished from 1 July 2009.

## Appendix 2

### State Tax Review

The Treasurer announced on 26 May 2005 that the Government would be initiating a State Tax Review. On 5 July 2005, the Treasurer released the Terms of Reference for the Review and invited the public to make submissions by 30 September 2005.

On 1 June 2006, Stage 1 of the Review was completed when the Treasurer released the Interim Report and invited public feedback on its preliminary findings by 31 August 2006.

The Final Report will be completed for the Government to consider in the 2007-08 Budget and future budgets.

#### *The Purpose of the Review*

The purpose of the Review is to make recommendations on reform of the State tax system, in consultation with and reflecting the priorities of the Western Australian community.

The objectives of the Review are to enhance the competitiveness, equity, and efficiency of the State tax system in Western Australia, including minimising distortions to economic activity and compliance costs for taxpayers.

The Review will not be restricted to a revenue-neutral outcome, and will aim to provide tax relief to the Western Australian community within the constraints of the community's demand for services and infrastructure and the requirement for responsible financial management.

#### *Process*

The Government has appointed an external Reference Group, whose members represent a broad range of industry and community interests. The Group will consider public submissions to the Review and in turn will provide independent advice to the Treasurer. The Review process will be co-ordinated by the Department of Treasury and Finance.

*Stage 1 Measures*

Reflecting the views expressed in public submission and feedback from the reference group, the Government included a number of tax measures in the 2006-07 Budget. These include the staged abolition of mortgage duty, hire of goods duty, non-real conveyance duty and a range of tax cost measures which improved the equity of the tax system.

Further details of the State Tax Review are available on the Internet at [www.statetaxreview.wa.gov.au](http://www.statetaxreview.wa.gov.au).
