# Introduction

*Overview of State Taxes, Western Australia* is prepared annually, both as an internal reference document for Treasury and Finance officers and as a ready reckoner for other agencies and individuals seeking information on State taxes. The main body of the document provides summary information on:

- current tax rates;
- major exemptions and concessions;
- interstate comparisons;
- historical information on changes to tax rates and bases; and
- revenue collections.

The **Summary Table** indicates the contribution of each tax to total tax revenue on a cash basis. The figures may differ from those published in the 2001-02 Budget, which were prepared on an accrual basis consistent with Government Finance Statistics.

**Appendix 1** provides a summary of *tax changes* introduced by the States and Territories in the latest (2001-02) round of State Budgets.

**Appendix 2** provides a summary of changes to State tax arrangements as part of national tax reform.

This publication can be downloaded from the following Internet site:

# Business Taxes

## Payroll Tax

Payroll tax is paid monthly by employers on the basis of total wages (including employer-funded superannuation benefits and other fringe benefits) paid to employees, generally in the preceding month. It is collected under the *Payroll Tax Assessment Act* and *Payroll Tax Act*, which are administered by the Office of State Revenue.

### **Rate of Tax (as at 1 January 2002)**

Annual Payroll \$	Average Tax Rates %
0 – 675,000	Nil
675,000 – 2,700,000	0 – 3.65
2,700,000 – 4,500,000	3.65 – 4.60
4,500,000 – 5,625,000	4.60 – 6.00
5,625,000 and above	6.00

The tax payable under the above scale can be calculated using the following formulae:

Annual Payroll (P) \$	Tax Payable \$
0 – 675,000	Nil
675,000 – 2,700,000	0.04867 (P - 675,000)
2,700,000 – 4,500,000	98,550 + 0.06025 (P - 2,700,000)
4,500,000 – 5,625,000	207,000 + 0.116 (P - 4,500,000)
5,625,000 and above	0.06 (P)

### **Exemptions and Concessions**

Payroll tax exemptions are available primarily to charitable institutions and government departments.

The wages of all apprentices and trainees employed under an approved traineeship scheme are exempt.

Certain prescribed fringe benefits paid by employers to employees in remote areas are also exempt.

## **Changes to the Payroll Tax Base since 1982**

The payroll tax base was expanded to a wide range of employee benefits in 1997-98, including superannuation benefits and non-cash fringe benefits as defined and valued for Fringe Benefits Tax (FBT) purposes (this was accompanied by offsetting reductions in the payroll tax rates). Excluded from the base expansion were the major remote area fringe benefits.

Travel and accommodation allowances up to prescribed levels, and certain wages for services rendered overseas, were excluded from the payroll tax base in 1997-98.

The 2001-02 Budget announced that the payroll tax base will be extended to the grossed up value of taxable fringe benefits from 1 January 2002, and to payments under contracts that are wholly or principally for the labour of "employee-like" contractors, from 1 July 2002.

### **Changes to Concessions since 1982**

An exemption for the wages of first year apprentices was introduced in 1983-84 and extended to the wages of all apprentices in 1993-94.

Budget-funded government departments were exempted from 1986-87 onwards.

Certain prescribed fringe benefits paid by employers to employees in remote areas were exempted from payroll tax from 1 July 1996. These benefits include housing, annual leave travel assistance, power and water subsidies and child education bursaries.

## Stamp Duty on Rental Business

Stamp duty on rental business is paid by persons who are in the business of renting goods other than books or real estate. The duty is based on the rental income of the rental business. It is collected under the *Stamp Act*, which is administered by the Office of State Revenue.

### Rate of Duty

The current rate of duty is 1.8% of rental income, provided rental income exceeds \$25,000 per annum. Where rental income exceeds \$25,000 per annum, duty is assessed on the total amount of rental income, not just the component exceeding \$25,000.

Certain service and maintenance costs can be deducted from the gross rental income. To avoid duty on duty, stamp duty which is passed on to customers is also an allowable deduction.

### Exemptions and Concessions

The rental of goods to businesses selling or on-hiring the goods is exempt from duty. Rental income from State government agencies which have been designated by the Minister is also exempt.

### **Changes to Concessions since 1982**

The annual rental income ceiling for the option to submit an annual return instead of monthly returns was increased from \$5,000 to \$20,000 in 1986-87 and then to \$50,000 in 1987-88.

The rental income exemption threshold of \$25,000 per annum was introduced on 1 January 1988.

# Financial Transactions Taxes

## Debits Tax

Debits Tax is levied on all withdrawals (including cash withdrawals) from accounts on which cheques can be drawn. The tax was transferred by the Commonwealth to State governments from 1 January 1991. In Western Australia, it is collected under the *Debits Tax Act* and *Debits Tax Assessment Act*, which are administered by the Office of State Revenue.

## Stamp Duty on Insurance Policies

Stamp duty on insurance policies is paid by insurers. The duty is usually based on the value of the insurance premium. It is collected under the *Stamp Act*, which is administered by the Office of State Revenue.

### Rate of Tax

Type of Insurance	Rate of Duty
General Insurance	8% of premium
Workers' Compensation Insurance	3% of premium for employers with an annual payroll of \$675,000 or less 5% of premium for other employers
Life Insurance:	
- temporary or term insurance	5% of premium or 5% of the premium for the first year if the policy continues for more than the first year
- other life insurance	\$0.05 per \$100 assured up to \$2,000 \$0.10 per \$100 assured over \$2,000

### Exemptions and Concessions

Stamp duty on motor vehicle third party insurance is a flat 25c per policy. Insurance of risks associated with the transport of goods and commercial marine hulls is exempt from stamp duty. Health insurance and superannuation policies are also exempt. Lower rates of duty apply to workers' compensation insurance.

### **Changes to the Rates since 1982**

Stamp duty on life insurance was introduced from 1 November 1983. The stamp duty rate on general insurance policies was increased from 5% to 8% from 1 July 1998. The concessional rate for workers' compensation insurance was increased from 3% to 5% from 1 July 1998.

From 30 June 2001, the concessional rate for workers' compensation insurance was reduced from 5% to 3% for employers who are exempt from payroll tax (the current payroll tax exemption threshold is \$675,000). The 5% rate remains unchanged for other employers.

### **Changes to Concessions since 1982**

The exemption for insurance on transport of goods and on commercial marine hulls came into effect on 11 December 1986.

## Stamp Duty on Mortgages

Stamp duty on mortgages and other securities is paid by the borrower (ie. the "mortgagor") on the basis of the amount secured. The duty is collected under the *Stamp Act*, which is administered by the Office of State Revenue.

### Rate of Duty

\$0.25 per \$100 of the amount secured up to \$35,000 and \$0.40 per \$100 of amounts secured above \$35,000, except for loans for owner-occupied residences where \$0.25 per \$100 applies to the whole of the loan amount.

### Exemptions and Concessions

Universities and charities.

## **Stamp Duty on Marketable Securities**

Stamp duty on transfers of marketable securities quoted on the Australian Stock Exchange (ASX) or another recognised stock exchange was abolished from 1 July 2001, as part of the national tax reform package.

This excludes transfers of marketable securities in private companies and trusts, and in public companies and trusts where the securities are not quoted on the ASX or another recognised stock exchange.

The duty on unquoted securities is collected under the *Stamp Act*, which is administered by the Office of State Revenue.

### **Rate of Duty**

60 cents/\$100 for unquoted securities, payable by purchasers.

### **Interstate Comparison**

The same rate of duty applies in all States and Territories.

### **Exemptions and Concessions**

Transfers of corporate debt securities (ie. debentures and unsecured notes issued by a corporation) are exempt from duty.

### **Changes to Duty Rate since 1982**

From 1 September 1994, the fractional rates of duty for transfer value of less than \$100 were removed.

From 1 July 1995, the rate of duty was reduced from 60 cents per \$100 to 30 cents per \$100 for quoted securities.

From 1 July 2001, the duty on quoted securities was abolished.

### **Changes to Concessions since 1982**

Transfers of debentures and unsecured notes were exempted from 1 January 1986.

In 1987, the 2 day stamp duty exemption period for stockbrokers acting on their own behalf was increased to 10 days.

# Gambling Taxes

## Lotteries Surpluses

The Lotteries Commission currently raises money through sales of Lotto, Soccer Pools and instant lotteries for distribution to hospitals and community organisations, and for sports and cultural activities.

The Lotteries Commission operates under the *Lotteries Commission Act 1990*.

## Interstate Comparison

In Western Australia, retailers' fees of approximately 8% for selling Saturday Lotto and instant lottery tickets are paid by the Lotteries Commission. In all other States, retailers' fees are added on to the price of the ticket, and hence paid directly by consumers.

An interstate comparison of taxation and hypothecation of Lotteries Commission revenue is as follows:

---

<b>WA</b>	40% of net subscriptions (sales net of any add-on commission less prize liability) is paid to the Hospital Fund; 12.5% of net subscriptions plus any surplus funds is paid to such eligible organisations as the Commission thinks fit and the Minister approves; 5% of net subscriptions is paid into the Sports Lotteries Account; 5% of net subscriptions is paid into the Arts Lotteries Account; and up to 5% of net subscriptions is used to support the Festival of Perth and the WA film industry.
<b>NSW</b>	10.95% of subscriptions, plus a fixed fee based on 14.7% of subscriptions in 1996/97 (\$132 million) indexed to the CPI thereafter. From 1 September 2001, tax is based on 66.1% of player loss.
<b>VIC</b>	79.4% (where GST is payable) or 90.0% (where GST is not payable) of player loss is paid into the Consolidated Fund (CF). Revenue is then transferred by standing appropriation from the CF to the Hospitals and Charities Fund and Mental Hospitals Fund.  57.52% (where GST is payable) or 68.0% (where GST is not payable) of player loss for Soccer Pools.
<b>QLD</b>	62% of gross revenue (ie. player loss) for lotteries, 55% for instant scratch-its, 45% for Golden Casket lotteries, 59% for Soccer Pools. 8.5% of these revenues are allocated to the Community Investment Fund.
<b>SA</b>	Lotto, Powerball, Super 66 and instant scratchies: 41% of net gambling revenue (ie. player loss) plus remaining surplus is hypothecated to the Hospitals Fund. Sports and special lotteries: 41% of net gambling revenue plus distributable surplus is hypothecated to the Recreation and Sport Fund.
<b>TAS</b>	Subscriptions are collected on behalf of Tasmania by Victoria. Victoria pays 100% of the duty from subscriptions to Tasmania. All the funds are paid into the CF.
<b>NT</b>	NT's Tattersall's lotteries and soccer pool subscriptions are collected on behalf of the NT by Victoria. Victoria pays 100% of the duty from subscriptions to the NT. All funds received are paid into the Lotteries Fund Account, where payments are made to charitable organisations or transferred to the CF and Sports and Recreational Development Fund.  57.52% of player loss attributable to the NT for Soccer Pools.
<b>ACT</b>	Subscriptions are collected on behalf of the ACT by Victoria (31.66% of subscriptions) and NSW (25.6% of subscriptions).

---

### **Changes in Lotteries Commission's Products since 1981**

The Commission became a member of the Australian Lotto Bloc in 1981 and has marketed Weekend Lotto since then. MidWeek Lotto was introduced in 1983 and Super 66 in 1986. Oz Lotto was introduced in 1994, and Powerball was launched in 1996 to replace Midweek Lotto. Cash 3 was launched in 1998 as the first on-line game unique to Western Australia.

Soccer Pools were taken over by the Lotteries Commission in October 1989.

The lotteries surpluses in the above table are the surpluses of the Lotteries Commission after prize pay-outs, retailers' commission and operational costs. They include all funds available for distribution to community and charitable organisations. These funds are not accounted for in the Consolidated Fund.

## Casino Tax

Casino tax is payable each month by the casino licence holder based on the gross revenue (total bets placed less winnings paid out) generated by the casino in the preceding month. Casino tax is collected by the Department of Racing, Gaming and Liquor under the *Casino (Burswood Island) Agreement Act* and the *Casino Control Act*.

### Rate of Tax

In Western Australia, 15% of casino gross revenue is paid to the Consolidated Fund and an additional 1% is paid to the Burswood Park Board for upkeep of the Park.

In addition, an annual licence fee (approximately \$1.88 million in 2000-01) is payable in advance in four quarterly instalments to the Gaming Commission to defray its running costs. The annual licence fee is adjusted for inflation each year.

### Exemptions and Concessions

The existing legislation provides that no other casinos were permitted to be built in Western Australia before December 2000.

## **Betting Taxes**

Betting taxes comprise the Totalisator Agency Board (TAB) Betting Tax and the Bookmakers' Betting Levy.

The TAB Betting Tax is levied monthly on TAB turnover and is paid by the TAB into the Consolidated Fund. It accounts for the bulk of betting taxes.

The TAB Betting Tax is collected by the Office of State Revenue under the *Totalisator Agency Board Betting Tax Act*. The Bookmakers' Betting Levy is collected under the *Bookmakers Betting Levy Act*.

### **Rate of Tax**

The TAB Betting Tax rate is 5% of betting turnover. However, the tax rate is effectively 4.5% of betting turnover via an administrative reimbursement of 0.5% of turnover to the TAB.

The Bookmakers' Betting Levy is 2% in respect of race betting turnover and 0.5% in respect of sports betting turnover at a racecourse. The levy is collected by the racing clubs and the revenue is retained by the industry, except for sports betting, where the Government receives 50% of the collections.

From 1 August 1998, a 2% Bookmakers' Betting Levy was introduced for sports betting at a sporting venue. The revenue from this levy is collected by the Betting Control Board and distributed to sporting organisations at the discretion of the Minister for Sport and Recreation.

(g) In Western Australia, a tax rate of 0.5% is levied on sports betting at a racecourse. The revenue is shared equally by the Government and the industry, hence the 0.25% rate. There is no tax payable to the Government on race betting.

(h) Bookmakers betting tax on racing was abolished on 1 August 2001. Bookmakers betting tax on (telephone offcourse) sports betting is as noted.

(i) A tax rate of: 1% of turnover is levied on betting with on-course bookmakers; 0.25% of turnover on sports betting with sporting bookmakers by international punters; 1.55% of turnover (less GST paid) for domestic bets and 0.5% of turnover (for international bets) on race betting with sports bookmakers.

(j) A tax rate of 1.0% of turnover is levied on standing bookmakers. For sports bookmakers, the tax rate varies from 0.25% to 6.75%.

## Changes to the Rate Scale since 1982

The TAB Betting Tax rate was increased from 6% to 7% of TAB turnover in 1983. In 1988/89, both the TAB Betting Tax and Totalisator Duty rates were reduced by 1 percentage point to assist the financially troubled racing industry.

The Government reduced the Bookmakers' Betting Tax from 2.50% to 2.25% and abolished stamp duty on betting tickets from 1 August 1989.

From 28 June 1996, the TAB Betting Tax rate was reduced to 5%, the Totalisator Duty was abolished, and the Bookmakers' Betting Tax was changed to a levy with the rate reduced to 2%. All the collections from the Bookmakers' Betting Levy are retained by the industry, except for sports betting, where the Government receives 50% of the collections.

From 30 June 1998, the Bookmakers' Betting Levy for sports betting at a racecourse was reduced from 2% to 0.5%. From 1 August 1998, the Bookmakers' Betting Levy was introduced at the rate of 2% for sports betting at a sporting venue.

From 1 February 2001, the TAB Betting Tax rate was effectively reduced from 5.0% to 4.5%, through the payment of rebates to the TAB.

# Motor Vehicles

## Stamp Duty on Motor Vehicle Licences

Stamp duty on motor vehicle licence transfers (including new registrations) is paid by the purchaser of the new or used vehicle based on the market value of the vehicle at the time of registration or licence transfer. The duty is collected by the Licensing Division of the Department of Transport on behalf of the Office of State Revenue. The relevant legislation is the *Stamp Act* and the *Road Traffic Act*, which are administered by the Office of State Revenue and the Department of Transport respectively.

### Rate of Tax

Market Value of Vehicle	Tax Rate
\$0 – \$15,000	2.5% flat
\$15,000 – \$40,000	2.5% – 5.0% <sup>(a)</sup>
Over \$40,000	5.0% flat

(a) rate = 2.5% + {(V-\$15,000)/(\$40,000-\$15,000)}x{5%-2.5%}  
where V = value of vehicle

### Exemptions and Concessions

Transfers of vehicles to dealers for re-sale are exempt from duty, as are purchases of all vehicles exempt from annual licence fees under the *Road Traffic Act* (includes certain off-road vehicles used in farming and mining, government vehicles and vehicles purchased by certain charities).

**Changes to the Rate of Duty since 1982**

From 1 November 1983 the rate of stamp duty on motor vehicle licence transfers was increased from \$1.50 to \$3.00 per \$100 of vehicle value. The maximum duty ceiling was also removed at that time. From 1 July 1999, the rate of stamp duty was changed to the current three tiered scale.

## Motor Vehicle Licence Fees

Motor vehicle registration fees are paid by motor vehicle owners (who use their vehicles on public roads) either every six months or twelve months.

The registration fees consist of a motor vehicle licence fee, compulsory third party insurance premium and recording fee. These registration fees are collected by the Licensing Division of the Department of Transport under the *Road Traffic Act*.

### Current Licence Fees

For light vehicles (gross weight of less than 4.5 tonnes), the licence fee component of the registration fees is currently \$13.13 per 100 kg of tare weight. The example in the table below indicates the licence fees payable on a 6-cylinder Holden Commodore (1,512kg tare weight) for either family or business use. The difference of \$28 is due to a discount for family vehicles.

	Family Use \$ per annum	Business Use \$ per annum
Holden Commodore	182.08	210.08

For heavy vehicles (gross weight of 4.5 tonnes or more), Western Australia has adopted the national uniform licence fee charges from 1 July 1996. The licence fee component of the registration fees for these vehicles is determined by the number of axles, the gross weight of the vehicle and its nomination of use in towing trailers.

The revenue from motor vehicle licence fees is hypothecated to the Main Roads Trust Fund, which is used for road expenditure purposes.

### Licence Fee Exemptions and Concessions

A total exemption applies to vehicles used by Commonwealth, State and local government agencies, government hospitals, disabled pensioners and Ministers of religion. Light vehicles (less than 4.5 tonnes) owned by some State government trading enterprises are also exempt.

Charitable institutions receive either a 50% concession or 100% exemption depending on the use of the vehicles. Interchangeable semi-trailers are 75% exempt. Vehicles used by primary producers, beekeepers, kangaroo shooters, sandalwood pullers and prospectors receive a 50% exemption. Trailers used outside the South West Land Division are also 50% exempt.

Age and service pensioners (other than disabled pensioners) and seniors who hold both a State Seniors Card and Commonwealth Seniors Health Card receive a 50% exemption.

### **Interstate Comparison**

In New South Wales, Victoria and the Australian Capital Territory, licence fees are based on the weight of the vehicles. In Queensland, South Australia and the Northern Territory, licence fees are based mainly on the number of cylinders and engine capacity. Using the same example of a Holden Commodore, interstate comparisons are as follows:

### **Changes in Licence Fees since 1982**

On 1 July 1997 licence fee rates in Western Australia were increased by approximately 20%.

The licence fees were further increased, and the calculation of the fees was simplified and charged on the basis of weight only (\$12 per 100kg tare weight) on 1 July 1998. From 1 July 1999, licence fees have been indexed by the Perth CPI.

### **Changes in Concessions since 1982**

From 1 January 1987, age pensioners who hold Pensioner Health Benefits Cards (now the Pensioner Concession Card) have received a 50% concession on licence fees.

From 1 January 1990, a \$20 concession was introduced for family vehicles. In addition, family vehicles did not attract the 7% increase in licence fees, which applied to other vehicles from that date.

From 1 July 1998, the family discount was fixed at \$28 and the 25% concession for diesel powered vehicles was removed. The 25% concession for intrastate vehicles was phased out in two stages by 1 July 1999.

From 1 July 2001, eligibility for a 50% concession on licence fees was extended to seniors who hold both a State Seniors Card and a Commonwealth Seniors Health Card.

# Property Taxes

## Stamp Duty on Conveyances

Stamp duty on conveyances is paid by the purchaser of property (primarily land, buildings, mining tenements and business goodwill) on the basis of the total value of property transferred. It is collected under the *Stamp Act*, which is administered by the Office of State Revenue.

### Rate of Tax

Property Value	Rate of Duty
\$0 to \$80,000	\$1.95 per \$100 or part thereof
\$80,001 to \$100,000	\$1,560 and \$2.85 per \$100 above \$80,000
\$100,001 to \$250,000	\$2,130 and \$3.70 per \$100 above \$100,000
\$250,001 to \$500,000	\$7,680 and \$4.55 per \$100 above \$250,000
Above \$500,000	\$19,055 and \$4.85 per \$100 above \$500,000

### Exemptions and Concessions

Designated government authorities, universities (in certain circumstances), charities, certain superannuation schemes and the transfer of a principal place of residence between spouses from single to joint ownership (includes de-facto spouses) are exempt.

The purchase of a small business or principal place of residence below \$100,000 is subject to a concessional rate of duty of 1.5%. The concessional rate phases out for properties valued between \$100,000 and \$135,000. First home buyers and buyers of first home land meeting various property value limits are additionally entitled to a stamp duty rebate of \$500 (or a full rebate if duty of less than \$500 applies).

### Interstate Comparison

Max Threshold (\$'000)	500	1,000	870	500	1000	225	500	1,000

(a) For conveyances less than \$500,000, duty is derived by the formula  $D = (0.065 \times V^2) + 21V$ , where D= duty payable in \$ and V = value of property transferred divided by 1000. Over \$500,000, duty is 5.4% of the property value.

(b) Duty of \$20 applies for values below \$1,300.

An interstate comparison of stamp duty payable on various property values is as follows:

Note: The above table does not reflect conveyance duty concessions available for principal places of residence and small businesses in Western Australia, or first home buyer concessions available in all States.

An interstate comparison of stamp duty concessions on conveyances and mortgages for home buyers is as follows:

---

**WA** Any purchaser of a principal place of residence valued at less than \$100,000 is entitled to a concessional rate of duty of 1.5%. The concessional rate phases out for properties valued between \$100,000 and \$135,000. First home buyers whose purchases are below \$135,000, or \$202,500 north of the 26th parallel, can additionally claim a \$500 stamp duty rebate. First home land purchases below \$52,000 (regardless of location) are also eligible for a rebate of up to \$500.

A concessional mortgage duty rate of 0.25% (normally 0.4% on amounts above \$35,000) applies to all owner-occupied residential mortgages irrespective of the amount.

**NSW** The First Home Plus Scheme applies to contracts signed on or after 1 July 2000. Under this scheme, all first home buyers receive a total exemption from conveyance duty and mortgage duty for metropolitan property values up to \$200,000 and for non-metropolitan property values up to \$175,000.

The conveyance and mortgage duty exemptions phase out between \$200,000 and \$300,000 for metropolitan properties, and between \$175,000 and \$250,000 for non-metropolitan properties.

For vacant land, the threshold value is \$95,000 in the metropolitan area with the exemptions phasing out between \$95,000 and \$140,000, and \$80,000 in non-metropolitan areas, phasing out between \$80,000 and \$110,000.

**VIC** A first home buyer conveyance duty exemption applies on properties up to \$115,000. The exemption reduces from \$115,000 and phases out at \$165,000. To be eligible, the applicants must have at least one child and the combined gross income must not exceed \$40,000.

A full pensioner conveyance duty exemption applies to properties up to \$100,000. The exemption reduces from \$100,000 and phases out at \$130,000. No income test applies, but applicants must be holders of Commonwealth concession cards.

If any exemption (total or partial) is given on conveyance duty, a total mortgage duty exemption applies.

- QLD** A conveyance duty exemption applies to properties purchased for less than \$80,000 and of a size not exceeding 0.5 hectares. If the property is larger, standard rates apply on the area over 0.5 hectares.
- A mortgage duty exemption applies on the first \$100,000 of the purchase price if the home is a first home, and \$70,000 for other homes. Standard duty rates apply to the balance.
- There is also an exemption on the refinancing of the first \$100,000 outstanding under a mortgage secured on the borrower's principal place of residence.
- SA** For first home buyers, a full exemption applies for a home valued at \$80,000 or under. Thereafter, the value of the concession is reduced on a pro-rata basis to nil as the home value increases from \$80,000 to \$130,000.
- There is no mortgage duty concession.
- TAS** Where the value of the property does not exceed \$120,000, a first home buyer can apply for an interest free loan, repayable on a quarterly basis over two years, to pay both conveyance and mortgage duty.
- NT** All first home buyers receive a duty concession on the first \$80,000 of the value of a home purchase (regardless of value).
- There is no mortgage duty in the Northern Territory.
- ACT** Full exemption from duty applies to eligible home buyers for properties up to \$116,000. The concession phases out at \$140,000. There is a household income test of \$45,000 per annum.
- There is no mortgage duty in the Australian Capital Territory.

### **Changes to the Rate Scale since 1982**

The rates of stamp duty on conveyances have been increased as follows:

<b>MARGINAL TAX RATES %</b>			
<b>Value</b>			
<b>\$'000</b>	<b>Before 1 Nov 1983</b>	<b>After 1 Nov 1983</b>	<b>After 1 July 1998</b>

250 – 500	3.50	4.00	4.55
above 500	4.00	4.25	4.85

### **Changes to Concessions since 1982**

The exemption for the transfer of the matrimonial home between joint tenants was introduced in January 1988 and extended to couples living in de-facto relationships in the 1991-92 Budget.

The \$500 stamp duty rebate for first home buyers was introduced in March 1989. The value limits were increased from \$80,000 to \$85,000 and from \$120,000 to \$127,500 (for properties north of the 26th parallel) on 1 November 1989. The value limits were further increased from \$85,000 to \$135,000 and from \$127,500 to \$202,500 (for properties north of the 26th parallel) on 1 July 1998.

The value limit for the 1.5% concessional duty rate for the transfer of owner occupied residences and small businesses was increased from \$50,000 to \$85,000 on 1 November 1989. This was further increased to \$100,000 on 1 July 1998. A gradual phasing out of the concessional duty rate for properties valued between \$100,000 and \$135,000 was also introduced at that time.

The stamp duty exemption for corporate reconstructions was introduced on 1 October 1996.

The stamp duty exemption for chattels (except trading stock, livestock and chattels used in farming) conveyed with real property was removed from 1 July 1998.

## Land Tax

Land tax in Western Australia is levied upon the unimproved value of taxable land owned at midnight on the 30 June preceding the year of assessment and is payable annually by the land owner. It is collected under the *Land Tax Assessment Act*, which is administered by the Office of State Revenue.

The unimproved value of land is updated by the Valuer General annually.

### ***Exemptions and Concessions***

The major general exemptions are for principal places of residence and land used in primary production (mining as well as agriculture). Exemptions are also available for land owned by religious bodies, charitable organisations, retirement villages, public hospitals, universities and other educational institutions, provided that the land is used for their own purposes (as opposed to being leased out to business tenants).

Land owned by a society, club or association for non-profit use is eligible for a 50% exemption from land tax.

The principal place of residence exemption is also available to purchasers of homes who own two residences in transitional circumstances.

### ***Changes to the Rate Scale since 1982***

In 1986-87 the maximum marginal rate was reduced from 2.4% to 2.0%. The number of tiers was also reduced and the value ranges applying to each tier were expanded. In 1993-94, the land tax scale was restructured to accommodate the introduction of annual valuations. The land tax rates were further reduced to lessen the impact of valuation increases on land tax assessments in 1995-96, 1996-97, 1997-98, 1998-99 and 1999-2000.

In 2002-03, the land tax exemption threshold will be increased from \$10,000 to \$50,000. At the same time, the top tax rate will be increased from 2.0% to 2.3% for land with an unimproved value between \$2 million and \$5 million, and to 2.5% for land with an unimproved value exceeding \$5 million.

### ***Changes to Concessions since 1982***

In 1985-86 and 1986-87, as an interim measure, a 10% land tax rebate was offered to all of Western Australia's land tax payers, pending the major review of 1986-87.

In 1988-89, the Government extended the phase-in period for general revaluations for land tax purposes from 3 years to 4 years, a move designed especially to assist owners of Perth Central Business District (CBD) properties whose land was subject to revaluations in that year.

In 1991-92, the Government decided not to apply new valuations for land tax purposes, a move designed to provide relief to owners of property otherwise subject to both the first year's phase-in of a new valuation and the fourth year's phase-in of the previous valuation (again, owners of Perth CBD properties were the principal beneficiaries).

In 1992-93, land tax assessments were frozen at 1991-92 levels, except where reductions were applicable (or where there had been variations to land holdings). Reductions were applicable primarily in the Perth CBD where in some cases the new 1992-93 valuations were significantly less than the fully phased-in 1988-89 valuations on which the 1991-92 land tax assessments were based.

In 1993-94, a land tax exemption for beneficiary-occupiers of residences owned by discretionary trusts was re-introduced.

In 1994-95, a land tax exemption was extended to all land owned by retirement villages. Also, the 50% land tax exemption available for land used solely for non-profit activities by a society, club or association was increased to a 100% exemption.

In 1995-96, the primary production exemption was extended to land used by the owner for the purpose of breeding horses. Also, a 50% concession was provided to certain primary producers who do not meet a "one third of net income from primary production" test.

The 50% exemption for land owned by a religious or educational body and used for commercial or business purposes was reduced to 40% in 1998-99 and 20% in 1999-2000. The exemption was completely phased out from 2000-01 onwards.

The land tax exemption for principal places of residence held by a company or trust will be removed from 2002-03.

## Metropolitan Region Improvement Tax

Metropolitan Region Improvement Tax (MRIT) is levied upon the unimproved value of all land which is both liable for land tax and located within the boundaries of the metropolitan region. MRIT collections are hypothecated to a trust fund for expenditure by the Western Australian Planning Commission on road reserves, parks and recreation areas.

### Rate of Tax

0.15% of unimproved land value.

### Exemptions and Concessions

As for land tax.

### Changes to the Rate Scale since 1982

In 1987/88 the rate of MRIT was reduced from 0.25% to 0.225% of unimproved value.

In 1993/94 the rate was further reduced to 0.15%, to accommodate the introduction of annual valuations for land tax.

## A Summary of Tax Changes in 2001-02 in all States and Territories

The following is a summary of the major tax changes announced in 2001-02 State Budgets. Some of the measures have yet to gain Parliamentary approval and so could be subject to change.

---

### Western Australia

#### ***Payroll Tax***

The top payroll tax rate will be increased from 5.56% to 6.00% from 1 January 2002, raising \$63 million in the first full year.

The payroll tax base will be extended to the grossed up value of fringe benefits from 1 January 2002, raising a further \$16 million in a full year.

It is also proposed that the payroll tax base be extended to payments under contracts that are wholly or principally for the labour of "employee-like" contractors, from 1 July 2002. This measure is estimated to raise around \$20 million per year.

#### ***Land Tax***

The land tax exemption threshold will be increased from \$10,000 to \$50,000 from 1 July 2002. At the same time, the top tax rate will be increased from 2.0% to 2.3% for land with an unimproved value between \$2 million and \$5 million, and to 2.5% for land with an unimproved value exceeding \$5 million. These measures are expected to raise \$29 million in net additional revenue in the first full year.

Also, the land tax exemption for a principal place of residence owned by a company or a trust will be removed from 1 July 2002, raising a further \$11 million per year.

---

## **New South Wales**

### ***Debits Tax***

Debits Tax will be abolished from 1 January 2002, at a cost of \$315 million in a full year.

### ***Electricity Distributors Levy***

The Electricity Distributors Levy, including the Transmission Operators Levy, was suspended from 1 July 2001 at a cost of \$100 million.

### ***Stamp Duty on Superannuation Instruments***

Stamp duty on instruments relating to superannuation was abolished from 1 July 2001 at a cost of \$1 million a year.

### ***Stamp Duty on Leases***

The exemption threshold for stamp duty on leases was increased from \$3,000 to \$20,000, and lease duty on franchise arrangements was abolished from 1 July 2001 at a cost of \$3 million a year.

### ***Stamp Duty on Hiring Arrangements***

The exemption threshold for stamp duty on hiring arrangements was increased from \$6,000 to \$14,000 from 1 July 2001, at a cost of \$2 million a year.

---

## **Victoria**

### ***Payroll Tax***

The single marginal payroll tax rate was reduced from 5.75% to 5.45% from 1 July 2001, and will be further reduced to 5.35% from 1 July 2003.

The payroll tax exemption threshold will be increased from \$515,000 to \$550,000 from 1 July 2003.

The payroll tax concessions on fringe benefits, eligible termination payments and accrued leave were removed from 1 July 2001.

**Land Tax**

The land tax exemption threshold will be increased from \$85,000 to \$125,000 for the 2002 assessment year.

**Stamp Duties**

Stamp duty on non-residential leases was abolished from 15 May 2001, stamp duty on unlisted marketable securities will be abolished from 1 July 2003, and stamp duty on mortgages will be abolished from 1 July 2004.

**Administrative Changes**

The Victorian Government also announced that it intends to simplify tax administration by:

- developing information technology systems capable of taking credit card payments on-line for taxation purposes;
- moving towards consistent legislation and legal definitions for payroll tax and WorkCover; and
- promoting the use of the Australian Business Number as a unique identifier for all business customers.

---

**Queensland****Payroll Tax**

The payroll tax rate was reduced from 4.9% to 4.8% from 1 July 2001, and will be further reduced to 4.75% from 1 July 2002.

Payroll tax concessions involving termination payments and the grossing-up of fringe benefits will be removed from 1 July 2002. This follows similar initiatives announced in Victoria's and South Australia's 2001-02 Budgets.

**Major Facilities Levy**

A Major Facilities Levy was introduced from 1 July 2001 to the most profitable hotel gaming machine venues. This levy is estimated to raise \$6.3 million in 2001-02.

### ***Insurance Levy***

A \$5 levy on motorists was introduced from 1 October 2001 for compulsory third party insurance. This is expected to raise \$9 million in 2001-02. The introduction of this levy was in response to the collapse of HHH Insurance.

---

## **South Australia**

### ***Payroll Tax***

The payroll tax rate was reduced from 6.0% to 5.75% from 1 July 2001 at an estimated cost of \$24.5 million in a full year. A further rate cut to 5.67% and an increase in the exemption threshold from \$456,000 to \$504,000 will apply from 1 July 2002. At the same time, the payroll tax base will be broadened to include eligible termination payments and the grossed-up value of fringe benefits.

### ***Lease Duty***

Leases with annual payments of less than \$50,000 will be exempt from lease duty from 1 January 2002, at an estimated cost of \$1 million a year.

### ***Land Tax***

A land tax exemption will apply to owners in transitional circumstances (ie. in the process of moving from one principal place of residence to another), at an estimated cost of \$0.2 million a year.

---

## **Tasmania**

### ***Payroll Tax***

The payroll tax exemption threshold was increased from \$600,000 to \$1.0 million from 1 July 2001, and will be increased to \$1.01 million from 1 July 2002. The payroll tax rate was reduced from 6.53% to 6.30% from 1 July 2001 and will be further reduced to 6.24% from 1 July 2002. The estimated cost of these measures is \$18.2 million in 2001-02, and \$19.2 million in 2002-03.

***Electricity Entities Levy***

The Electricity Entities Levy was abolished on electricity consumed after 1 July 2001, at an estimated cost of \$15.5 million per year (electricity entities currently pay to the Consolidated Fund 5% of quarterly revenue from the retailing of electricity to commercial and residential customers).

---

**Northern Territory*****Payroll Tax***

The payroll tax rate was reduced from 6.6% to 6.5% from 1 July 2001. This measure is estimated to cost \$1.5 million in a full year.

***Stamp Duty on Hiring Arrangements***

The exemption threshold for stamp duty on hiring arrangements was increased from \$12,000 to \$36,000. The large transaction cap was increased from \$7,500 to \$9,000 per hiring arrangement.

---

### National Tax Reform and State Taxes

As part of national tax reform, Financial Institutions Duty and stamp duty on quoted marketable securities were abolished from 1 July 2001. It is also proposed that Debits Tax will cease to apply by 1 July 2005, subject to review by the Ministerial Council of Commonwealth and State Treasurers.

The Commonwealth and States have also agreed to review by 2005 the need to retain the following taxes:

- stamp duty on non-residential conveyances;
- stamp duty on mortgages;
- stamp duty on credit arrangements/rental business;
- stamp duty on leases;
- stamp duty on cheques; and
- stamp duty on unlisted marketable securities.

Also as part of national tax reform, the States agreed to adjust their gambling tax arrangements from 1 July 2000 to “make room” for the GST. The mechanisms for achieving this vary across jurisdictions, but generally involve:

- reducing State gambling tax rates;
- allowing a credit against State gambling taxes payable; or
- providing a rebate/reimbursement to gambling operators of their GST liability. This is the approach adopted in Western Australia.
